

# Brisbania Public School

*Believe      Persevere      Succeed*

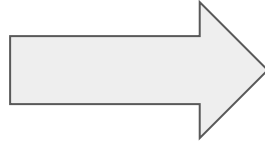

# Bush Tucker Garden

Prior to Starting Tips

# Consultation Phase- Who to consider?

- Organise a Committee
- Have a clear goal/intention
- Involvement of Aboriginal students
- Communicate ideas with exec

- Propose ideas to local AECG for community input

# Consultation Phase- What to consider?

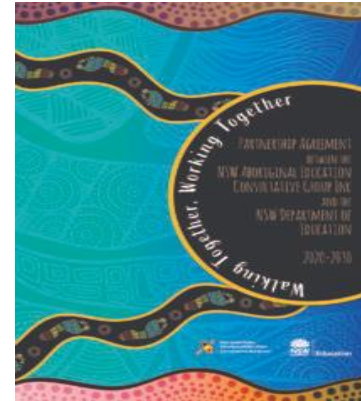

Strategic Improvement Plan 2021-2024

Brisbania Public School 1498

Strategic Direction 2:  
Wellbeing and Equity:

Strategic Direction 3:  
Community  
Engagement

By Walking Together, Working Together, we look to a future, a future that builds a nation founded on tolerance, respect and understandings of the unique place of its First Nations People.

# Budget/ Expenditure

- **Make a list of all possible items/resources (wishlist)-** contact local suppliers/organisations that may be interested in donating goods or services. (If you can, look at Aboriginal Organisations where possible).
  - **Things to consider:** student learning programs, earthworks, materials, labour, RFF time, maintenance-composting, watering system.
- 

# Choosing your location- things to consider

- What is already there that you may be able to use? eg- established trees (shade).
- Location - what will the space be used for, does it need to be in a quiet/central part of school?
- Accessibility- Can all students access the garden.
- Contour of land- Will your site require excavation/earthworks?
- Can trucks get access to your site? Is it easy to move materials to that spot?

# Plan

# Contact Asset Management

- Find plans of school- This may be difficult!
  - Identify risks - Develop a Risk Assessment/Management Plan-Principal
  - Submit Request for Works with Asset Management-Principal
  - They will get back to you with approval or things to consider
- 

# Before Digging

- Dial Before You Dig
- Service Locator: \$250 an hour

# Learning Opportunities before you start!

- How can the students be involved?
- For our school:
  - student leadership team attended our meetings
  - discussed and planned the garden with our Aboriginal student community
  - we conducted a biodiversity audit of the area
  - Bush to Bowl Incursion
